Spool Gun + Control Box Kit

ONE
FOR
ALL

The Spool Gun "REVOLUTION"

Is an innovation in the welding field.

The "REVOLUTION" Spool Gun is a Mig torch great for welding carbon steel, stainless steel or aluminum, using solid wire (.023-in to .045-in) and cored wire (.030-in to .052-in).

The potentiometer, integrated into the handle, simplifies welding operations by granting a continuous wire feed speed control to fit virtually any MIG welder.

The wire feeder speed control increases deposition rate and welding speed with no consumable waste.

Applications:

- Car body repairs (aluminum welding)
- Small marine repairs
- Building
- Light carpentry
- Mig welding operations far from the power source

Spool Gun + Control Box Kit

Part nr.	Description
DM 0021	Torch and box Euro connector
DM 0031	Torch and box Tweco connector
DM 0032	Torch and box Miller connector
DM 0033	Torch and box Lincoln connector
DM 0034	Torch and box L-Tec connector

Euro connector

Tweco connector

Miller connector

Lincoln connector

L-Tec connector

Spool Gun

REVOLUTION MEGA1 25ft

- Amps.: 150A 60%
- Gas cooling
- Tweco 1 spare parts
- 100 KOhm potentiometer
- Provided with electric plugs for Control Box connection

Spare Parts	Tweco parts nr.	Code
Diffuser	51	ME0018
Contact tip	11-30	MD0008-08
Nozzle	21-50	MC0031
Drive roll .023" - .030"		FA0211
Drive roll .040" - .045"		FA0212
Drive roll .030" - .040" AL		FA0213
Drive roll .040" - .045" AL		FA0214

Wire Feeder	
Voltage supply	24 V DC
Max wire feeder speed	30 IPM to 600 IPM
Wire capacity	.030 in to .040 in ALUMINUM .023 in to .045 in HARD WIRE
Wire spool size	Ø 4" x 1,75"
Net weight	2,75 lb
